

Primary Care Nurse Practitioner Residency (PC-NPR) Program Application Process

Thank you for your interest in the Primary Care Nurse Practitioner Residency (PC-NPR) Program at the Washington DC Veterans Affairs Medical Center (DCVAMC). This residency is designed for new graduate nurse practitioners and clinical leaders for DNP graduates with a commitment to serve the Veteran population. The program prepares new NPs to become confident and competent primary care providers, with emphasis on the needs of the geriatric population. By providing didactic seminars, Grand Rounds, supervised and independent clinical practice, specialty rotations, and leadership training during the 12 months.

Upon completion of this program, graduates will receive a Residency Completion Certificate from the Residency Program. Our program will admit four residents a year.
